Mr. A. B. Salem *(Mattancheri):* Have the Government realised that the less they interfered with the merchants, the better it is for the State?

Mr. President: The matter has been fully considered by the Government of India. They consider that there is no case at present to interfere with the merchants.

Mr. P. K. Madhava Menon *(Narakkal):* May I know whether there is any restriction for the export of home-grown paddy?

Mr. A. Madhava Prabhu *(Diwan Peishkar):* No.

Mr. P. K. Madhava Menon *(Narakkal):* We cannot get any from Travancore.

Mr. A. Madhava Prabhu *(Diwan Peishkar):* People who have got stock in hand, why should they sell to Travancore? We have not got any excise machinery to stop the sale. Supposing we pass an order to that effect, where is the machinery?

Mr. P. K. Madhava Menon *(Narakkal):* I will explain. Here there is a price control. They (the Travancore merchants) are able to offer 4 as. to 8 as. more per bag, and the stockists naturally sell away.

Mr. President: There is also price control in Travancore.

DEVELOPMENT DEPARTMENT

Educational Concessions—D. C. Converts—Stopping of

Read letter D. 2430 16, dated 27th August 1941, from the Protector of the Depressed Classes.—

"Ref. G. P. D2-15751/14 dated 29th October 1940.

In Government Proceedings quoted above, Government have ordered that the educational concessions now extended to the depressed class converts should be stopped. When the Director of Public Instruction referred the matter to Government, in his letter C. 5137/16 dated 6th November 1940 requesting to clarify the orders, Government have ordered in G. P. D2-15751/14 dated 26th November 1940 (11th Vrischigam 1116) that "The educational concessions granted to the depressed class converts should be stopped. Government consider that it is not necessary to discontinue the concession already granted to the depressed class converts." I have the honour to enquire whether the order is applicable to the concessions already granted to them. Fresh selection of stipendiaries has to be made from Forms I and IV. The supply of school requisites and cloths has to be made every year. Also if a depressed class student is granted stipend from Form I or IV, he can, as per rules, hold the concessions for 3 years provided he does not fail. I may be kindly ordered whether a depressed class convert can be newly selected for stipend from Form I or IV. Instructions may also be issued with regard to the supply of books and cloths to the depressed class converts. This reference is submitted as per Comptroller's letter K4-11664/16 dated 32nd Karkadagam 1116/ 16th August 1941, a copy of which is enclosed for kind perusal. I solicit early orders."

Order D. Dis. 1480/17, dated 20th September 1941

According to the existing orders, those depressed class converts who are already receiving the concessions including books, etc., will continue to do so. No fresh convert will get them.

(By order of the Government of Cochin)
Signed
